“...This approach builds better trust between Muslims and Christians. It also improves our mutual understanding of how Jesus was transformed by early Christian writings from a man to a divine being. This explains why it became necessary for the Quran and Muslims to reaffirm faith in the original Jesus.”

Muslim Debate Initiative regional director—A very skilled and passionate debater in defense of Islam

“Your right, I dont like christianity much, as I stated in the discussion, I see it as an extention of White Supremacy as the majority of christendom promotes images of the God man Jesus as a white man, and the angels are white children, even God himself is depicted as an old White male. If you only knew how many people of color have suffered from inferiority... So yeah I got a problem with the Western, Anglo American and European version of Christianity that dominates in the world today.”
